It's conclusive – trauma caused by abuse 'changes the brain' in ways that impact a child's ability to be the 'boss of their feelings' or to form strong and enduring relationships.

Seminar Objectives:

- To understand the impact of trauma on our psychological, physiological and spiritual being
- To develop an ability to read the 'signs' of trauma
- To reflect on the ways in which healthy attachments are impacted by trauma
- To explore what to do and when to do it or develop strategies to ease the impact of trauma
- To reflect upon approaches to healthier attachments
- To learn about 'self care' when in the presence of a child's expressed or repressed distress

Suitable Audience:

- Carers & workers from foster, permanent, residential, adoptive & kinship care
- Family service workers
- Child protection workers
- Case managers
- Youth Justice
- Teachers / teacher's aide
- Student welfare / wellbeing professionals
